Supplemental Type Certificate

Number ST01206LA

This Certificate issued to

Global AirWorks
19933 Harrison Ave.
City of Industry, California 91789

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations. *Certification basis is set forth in Type Certificate Data Sheet A22WE*

Original Product Type Certificate Number: A22WE

Make: McDonnell Douglas

Model: MD-11

Description of Type Design Change: Installation of In-Seat Power Outlets in accordance with Aircraft Certifications Unlimited Master Drawing No. 100199, Revision "M", dated October 6, 2001, or later FAA Approved Revisions.

Limitations and Conditions: The installation should not be incorporated in any aircraft unless it is determined that the interrelationship between this installation and any previously approved configuration will not introduce any adverse effect upon the airworthiness of the aircraft.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: January 20, 1999

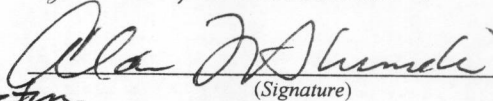

Date reissued: July 20, 2004; Oct. 24, 2006,
September 22, 2009

Date of issuance: October 10, 2001

Date amended:

By direction of the Administrator

Acting 
(Signature)
Supervisor, Technical & Administrative Support
Staff, Los Angeles Aircraft Certification Office

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both.
